BOOT DRYERS

K-STOKDRY-A04 & K-STOKDRY-A06

FEATURES:

- **Optimized space** - These two models offer the most efficient use of space & maximum drying.
- **Heated air ventilation system** - Tubes or accessories allow for quick drying of boots, gloves, helmets and outdoor / active footwear. Choose either ambient (room temperature <18 C) or heated airflow.
- **Timer function** - 2h & 3h with an automatic shut-off or permanently on. Electrical temperature sensor that regulates energy consumption.
- **Modularity** - The possibility to change tubes with gloves / helmet drying brackets.
- **Anti corrosion treatment** - EPOXI painted finish.

SPECIFICATIONS:

- 220 V power - IEC plug on top of the unit.
- Operates on a standard plug / Plan to put plug above the device.
- Energy consumption: 550W.

OPTIONS:

- Available in a free standing version - Legs additional.
